Pray attend, good gentles all. King Cuan and Queen Signy, gracious Monarchs of Atlantia, extend an invitation to the children of the Knowne World to attend the Twentieth Annual Knowne World Children's Fête at Pennsic XLVI.

The Fête will take place in The Great Hall on Wednesday, August 9, from 10 am until 1 pm. This event is designed for children ages four and older.

In keeping with previous years, the morning will be filled with a variety of arts and crafts, ongoing activities and live performances to amuse and delight. We may have some activities that involve water, so please make sure your young ones are dressed appropriately. There will be a light snack and drinks available for children and their parents.

Parents and Guardians, please note that you must remain with your child at the Fête. Due to the large numbers of children that attend, organizers cannot be responsible for food allergies or other health issue. We ask that children do not bring personal articles with them as the organizers will not be responsible for lost, broken or stolen items and sad faces.

Volunteers Needed: Volunteers are always needed for the Fête! We have need of gentles that want to sponsor their own activity or help with activities that need additional people. Gentles are needed to set up and help clean up and also to provide general help (i.e., signing in children, relief staff, etc.). We can never have too many people helping. We ask that volunteers be at The Great Hall at 9 am for set up, and clean up should be done by 2 pm. Please consider giving your time to ensure the children have a magnificent time! We request that you wear something pink to honor the Fête's founder, Duchess Arielle of Atlantia.

If you would like to help or need additional information, contact Lady Jacintha, camping with Finis Terra in B09, at the corner of Too Damn Far Road and Ledevoe Poboische. This will surely be another fun-filled, festive occasion for the children of the Knowne World. Study Group

Topic: Heraldry, Culture: Far Eastern
Instructor: Sølveig Þrándardóttir
Fri Aug 11, 10:00 AM A&S 2
Noble Herald's!

Greetings from Sølveig! This is an in-person organizational meeting for an East Asian Study Group within the College of Arms. Pelican Sovereign of Arms recently urged me to find at least one heraldic student. Pelican is worried that I am a unique resource and that I need to train people. I agree with this assessment.

Being my student will not be easy. You will primarily study Japanese heraldry including: Onomastics, Armory, Rank, Title, Office, Court Procedure, and Diplomata. You should also expect to interact with people conducting research on China, Korea, Mongolia, and South-East Asia. You may even have some exposure to India.

You should either have already studied the Japanese language or be willing to learn Japanese. Expect to have some contact with Classical Chinese. Work with pre-modern Japanese will undoubtedly happen. Ideally we will meet in person from time to time. However, I expect a lot will have to go on electronically.

I hope that a community of heraldic area experts in East Asia in general and Japan specifically will grow up. I have not yet solved how to train people who are not local to me. I hope that we can jointly solve this problem. We can also plan a research program with specific goals and tasks. If you are interested in pursuing this admittedly difficult program, then please come to this meeting. Please bring note-taking materials as it is impossible to prepare a handout for this sort of meeting. Two hours are scheduled in case we run long. However, we will probably pursue ice cream at Barn-Mart if we finish early.

There are also two formal classes, one on names and one on armory, scheduled for Thursday of Peace Week. Please attend these two classes if you are able to.

This is not an invitation to be an "apprentice" in the context of the Society. No fealty is required.

Thank you for considering this proposal.

Your Humble Servant

hjelpekone (helping woman) was a critical member of society, and it was she who would magically, as well as physically, help the mother bring forth a healthy child. When talking about the afterlife in heathenry, the first thing that comes to most people's minds is *Walheall* (Old Norse *Valhöll*). Wóden gathers his champions, the *einherjar*, here. Their only ticket to *Walheall* was to die in battle. Here, the *einherjar* fight from sunrise to sunset and those slain in battle that day are resurrected at day's end. After sunset they spend the rest of the night feasting on the boar, *Sæhrímnir* (sooty sea-beast or sooty sea-animal), and drinking mead produced by the goat, *Heiðrún* (Old Norse *heidr* meaning "bright, clear" and *rún* meaning "secret").

Topic: History: Research, Culture: European
Instructor: Vladamir
Mon Aug 7, 9:00 AM A&S 15
Handout limit: 25.

John Dee was born to a world where a scholar was expected to know as much about magic as science. By the end of his life his association with magic discredited him, to the extent that many of his contributions and achievements were blurred in the history books. Modern scholarship has realized just how influential a role he played in constructing the modern world. More than just a simple history lesson, this class hopes to illustrate the mindset of people who lived in Elizabethan England so that we can understand the people as well as the events of the period.

Topic: Language, Culture: European
Instructor: Viscountess Jimena Montoya
Wed Aug 2, 4:00 PM A&S 3

Let's talk about this over-the-top revenge drama! If you thought that Renaissance drama was stuffy or refined, you have a big surprise in store. This play starts with a man holding the skull of his poisoned girlfriend while he plots revenge on the lecherous duke who murdered her for turning him down, and it only gets more extreme from there. Middleton gives us a play with all the revenge you can handle, full of sex, betrayal, deceit, poison, stabbing, and gore. This class is a facilitated discussion of the play, its treatment of revenge, and its place in Renaissance pop culture. Knowledge of the play is not absolutely necessary, but students should ideally have read the text. (Available in paperback or epub from the New Mermaids line at Bloomsbury publishing. A free electronic copy of the play is available at <http://www.tech.org/~clearly/reven.html>)

1405: Seishin-ryū Mushin-an Chaseki: The Taste of Tea

Location: Clan Yama Kaminari (E03)
Materials limit: 12, fee: \$5.00.

Topic: Leisure, Culture: Far Eastern
Instructor: Solveig Þrándardóttir
Fri Aug 4, 10:00 AM, Tue Aug 8, 10:00 AM, Thu Aug 10, 10:00 AM
Location: Clan Yama Kaminari (E03)
Handout limit: 20, fee: \$1.00.

Learn the rudiments of *wabi*-style tea including both the role of the host and the role of the guest. This is a multi-part workshop for beginners. Please come to as many classes as possible.

Okeiko means "honorable practice". This is a multi-part workshop intended for beginners who wish to learn how to participate in tea gatherings. Both the role of the guest and the role of the host will be introduced. You will learn something new in each workshop. We will begin with walking and bowing and progress to the rudiments of preparing and consuming a bowl of *matcha*. Limited materials will be available for student use during the workshop.

If you are interested in purchasing materials for long-term personal use, then you should acquire a guest kit and a *fukusa*:

A guest kit for men can be acquired at: <http://www.teadogu.com/guest-starter-kit-man339.html>

A guest kit for women can be acquired at: <http://www.teadogu.com/guest-starter-kit-woman339.html>

A *fukusa* for men can be acquired at: <http://www.teadogu.com/fumepunu9si.html>

A *fukusa* for women can be acquired at: <http://www.teadogu.com/fuworenu9si.html>

While it is possible to save money by ordering directly from Japan, doing so requires dealing with Japanese online storefronts. A note about *fukusa*. A number #9 *fukusa* is much easier to manipulate than *fukusa* with lower numbers. Paying extra is worth the price. A *fukusa* and a fan are what you need to practice during class. I have an extremely limited number of loaner *fukusa*. You can substitute a number of items for a fan. Please read the online descriptions of the fans carefully if you choose to provide a substitute or acquire a fan from another source.

There are a number of ways to acquire a *fukusa*. You can even try to make one, but please don't until you know what they are supposed to be like. There is some controversy over just how old they are. Today, men use slightly larger *fukusa* than women do. Further, men always use purple *fukusa* and women typically only use purple *fukusa* after they have become senior instructors. Regardless, here are purchase options. (1) You can always try ebay. (2) You can order online from any of several tea supply stores in Japan through rakuten.co.jp. (3) You can order one from a fellow in Portland <http://www.teadogu.com/fukusa.html> (Yes, they really are that expensive.) I will try to pick up a couple of loaners (I currently have one) between now and Pennsic. Regardless, the fan is the symbol of the guest, and the *fukusa* is the symbol of the host in the world of tea.

1639: Battle of Hastings

Topic: Martial: Heavy Weapons, Culture: European
Tue Aug 8, 3:00 PM Main Battlefield
The year 1066 was a turning point in history, and at our Hastings Battle, you will have the chance to rewrite history! The valor and skill of the warriors on each side will determine the outcome. Choose a side - defend the Saxons, or join attacking Norman forces - and use your strength of arms to help decide the day. This is a special rules melée. We've attempted to make this event a time for fighters to showcase their beautiful mid-period kits in an atmosphere recreating the feel of battles in the 11th century.

- Rules:
- 1) A combatant may count the first strike they receive against mail armor as light.
 - 2) In general, any form of armor that is documentable to the Battle of Hastings period and region is acceptable. If you have specific questions, please ask via email: olafharaldson@gmail.com.
 - 3) General rules: No exposed plastic (plastic gauntlets OK), no exposed duct tape, no exposed modern sports gear, no exposed modern logos, no blatantly modern footwear.
 - 4) Helms: *Spangen* or conical construction preferred. No closed faced helms of any type, and no blatantly post-12th century helms.
 - 5) Torso: Anything documentable to the period. Mail

has an advantage, but a padded or even plain tunic is documentable as well. We are not forbidding lamellar... but is strongly discouraged. The intent of the battle is to highlight documentable Hastings-age kits. Lamellar will not be given the ability to take the first shot to the body as light.

6) Limb armor: Greaves and vambraces may be exposed, all other limb armor should be hidden. Spaulders must be covered if worn. Body armour should be under your maille or tunic.

7) Gauntlets: Any are acceptable (even plastic); this is a safety factor which supersedes historical practice.

8) Shields: Round or kite only. No later period designs (heater, etc.).

9) Weapons: Primary weapons should be spear, axe, great axe, sword, seax. Thrown weapons (javelins, axes) are OK. Combat archery OK. No weapons that are undocumentable to the place and time.

10) Force commanders require one extra mortal wound to kill. I will be needing a Harald and a William... if you are interested in playing either part, and have a kit you think is appropriate, email olafharaldson@gmail.com .

11) Tape is not used as a marker for sides; fighters will use battle cries to tell friend from foe.

12) Engagement is 360 degrees once "lay on" is called. Yes, this means you may be struck from behind.

Victory Conditions:

Best three of five battles. Victory is achieved either by destroying the enemy force, or by killing the enemy leader (routing the force he commands).

Participants are asked to bring some small token as "loot"; the side losing three of five battles will give someone on the other side their "loot" token. This should not be an expensive item, but rather a token of victory on the field that day appropriate to your station.

1641: Combat of the Thirty

Topic: Martial: Heavy Weapons, Culture: European
Sun Aug 6, 6:00 PM South Battlefield

This is a 30-versus-30 deed of arms inspired by the original Combat of the Thirty between French and English forces that occurred in 1351. Combat standards are a modified counted-blow scenario that employs rules for capturing opponents and ransoming of captured parties. Participants must be acceptable to the captains of the French and English forces. Armour must be a reasonable attempt at a complete 14th-century harness, and weapons are restricted to ones that closely resemble their medieval counterparts. Final say on weapons and appropriate harness will be at the sole discretion of the captains.

Requirements: All participants must wear a 14th-century kit. Greaves are required and all are encouraged to wear *chausses* and *braies*. All weapons must closely resemble their medieval counterpart and are restricted to bastard swords, polearms of period design (axes, hammers, etc.), spears under 7'3"; daggers and single-handed swords. All participants should be prepared to pay a ransom that they feel is appropriate to their station in the event that they are "captured" during this deed of arms. Rules of combat will be explained to all combatants before the CotT begins.

Fri Aug 11, 11:00 AM Fort

TENTATIVE:

Size of Field/Location: Whole field

Number of haybales needed: Typical number necessary to set a flag x5

Deployment points/lines: Attacking side will deploy from south end of field. Defending side will deploy in a line, in-line with the southernmost flag. The side that is behind in war points will be able to decide whether they will attack or defend first. In the event of a tie, a coin flip will determine the side with priority in this battle.

Direction of deployment: N-S

Resurrection points/lines: Attacker will res from line at southernmost field boundary, defenders from a point on the south side of the gravel road, in front of the fort gate. The attacker will be able to res from progressively closer points as those points are captured. The points must be captured in order from S-->N

Number and type of flags: 5 flags, pulley type - Flags must be captured from south to north in order. Flags are arrayed in a zig-zag line from S to N, with diminishing distance between flags as they go North. For example, there would be 150' between the southernmost flag and the next, and then 100' between that flag and the next, etc. As each flag is captured, it becomes the new res point for the attacking army and cannot be recaptured.

If at the end of 10 minutes, the attacker has not captured the northernmost flag, the battle will continue with unlimited res for the attacker and NO RES for the defender until the northernmost flag - is captured by the attacker or the defending army has been entirely wiped out.

Victory Condition: Timed. The attacking side that captures the northernmost flag (not the defending res-point) the fastest, over all iterations, will win. For each iteration, at the end of 10 minutes if the northernmost flag is not captured, a hold will be called. The clock will be paused, and the marshals will announce the switch to sudden-death. All defenders that are currently dead and on their way to res may continue to the res point and wait there for the lay-on. From this point forward, defenders will no longer res. Marshals will un-pause the clocks when the lay-on is called. The side with the shortest overall time for capturing the northernmost flag after

all iterations will receive the war point.

Hold specifics: All holds will be general and will stop the clock.

Instructor: Lady Kataryn "Kit" Mercer

Sun Aug 6, 1:00 PM Great Hall

Entrants can voluntarily request feedback based on the higher degree of expectations that happen at more competitive levels. The focus is on extensive research, historical understanding, and exemplary execution. These are all important for A & S Champions' entries, but also for other activities throughout the Society. Even if you never plan to enter A & S competitions, you can use these tables as opportunities for feedback.

Entrants: After you have gone through the registration table, you may sign up at the A&S Consultation Tables for constructive feedback. (This is in addition to your other A&S Display activities and is no way required.)

- You will not receive a score and there is nothing to win.
- You will have a chance to talk to experienced judges and walk through their thought process as they examine your entry.
- We can give you directed feedback and we can also walk you through example judging rubrics. It depends on what help you are requesting.
- We will attempt to accommodate as many entries as possible. We will visit you at your table to view your display and talk to you. We can also work with you on scheduling a specific time.

Judges: We also welcome volunteer judges. Want to help? Let us know! It's you who will help make the A & S Consultation Tables successful.

- We'd welcome you for the full four hours; two hour shifts would also help. Let us know what you can do and we'll work with you.
- Never judged before and want to learn? Let us know. You can be a shadow judge. We'd welcome the company.
- We also hope that this will make the judging experience more constructive and more enjoyable.

Come help launch a three-year journey to a Perfectly Period Feast set in the Japanese imperial capital to be held in Æthelmearc in 2020. Entering or judging an A&S competition can be a daunting prospect. How do I give good feedback? How do I receive feedback without taking it too personally? How can this whole experience be fun and educational, for entrants **and** judges? Giving and receiving feedback and learning from each other is not just key to the SCA A&S experience, but can be useful in the rest of your life. We'll go over how to prepare for entering and judging, how to read criteria, feedback techniques, philosophy and application. Instructor will bring a sample to play the role of "entrant", but feel free to bring a piece and be a "guinea pig" in class, time permitting.

Helga Ball is a **ladies-only** sport based on a Viking game. The game, also known as "Cabbage Ball" is played with teams of 5 or 6 players. The game itself is played with a head of cabbage as the ball. This event at Pennsic will be a benefit for Paladin's Pantry. We will be accepting donations of paper and hygiene products for poor and food-insecure families in the Portersville area (the town where Pennsic take place). The tournament is sponsored by the Barony Marche of the Debatable Lands.

To Play:

- Organize a team of 5-10 women. (Having substitutions is a good thing.)
- Each player must be over 18.
- Each team member should bring one or more paper or hygiene product for donation. (No monetary donations.)
- Points are scored by getting a cabbage through/past your opponent's goalposts. Two members of the Chivalry (or squires) shall serve as stationary goal posts for each goal.
- All players must wear a dress. (Viking garb encouraged, but not required.)
- Players are encouraged to wear do-rags, heavy shoes/boots.
- Players may kick or dribble the cabbage with their feet, but may not touch the cabbage with their hands or use hands to pick up the cabbage.
- Players may scoop the cabbage up in a skirt, apron, or do-rag, and move the cabbage on the field.
- Tackling is not allowed, however "Group Hugs" are legal.
- Goalposts shall signal a "score" by raising one arm and yelling either "Helga Ball!!!" or "Olga ball!!" to identify the scoring team.

For our purposes, each game will last 15 minutes.

Children's Activities are fun and all, but there are so many things beyond that to be done to keep children (and their parents) happy, engaged, and excited about their future in the Society. Come get some pointers from a Youth Officer and SCA parent, and bring your own ideas to share! (Children are welcome to attend, and will have their own quiet activity to do during class.)

2300: Adapting Non-English Material to English

Topic: Performing Arts and Music

Instructor: Master Efenwealt Wylste

Thu Aug 10, 1:00 PM A&S 9

There are so many excellent songs and poems from our period that are overlooked in the SCA simply because the audience or the performer does not speak the language in which the piece was originally written. Literal translations often fall short of evoking the same emotion of the original piece because they do not use the same rhyme scheme or meter. We will discuss various ways to adapt material for an English speaking audience that help to preserve the feeling of the original while still conveying the same message. Instructor will provide examples of his own work. Students are encouraged to bring examples of their own to share and discuss.

Particular emphasis will also be placed on making recordings for release via CD, online, etc. We'll talk about what technology you need and don't need, how to do multi-track recording, mixing, mastering, editing and using audio effects. This is a beginner-to-intermediate class. Prior knowledge of modern audio recording technology is not necessary. Being comfortable with using a computer is helpful.

The Bardic Symposium is an open gathering for special forums, topics, and discussions for the Bardic Community.

Day 5: These Are Not the Bards You're Looking For, Move Along:

Some bardic circles are built around specific, overarching themes: family friendly, bawdy, enchanted ground, etc. Are there ways, other than the Old Jedi Mind Trick, to clue new arrivals in on what sort of circle they've arrived at? How do we handle things when someone powerfully breaks the theme (ie, the kids are all awake and this guy is starting in on the Moose Song)?

Confirmed Panelists: THL Aibhilin inghean Daibhidh, Baroness Morgan Wolfsinger.

Wrapping Up:

What can we improve? What's missing? What classes do we want to see taught that aren't? What topics do we want to discuss? How can we make the bardic arts and its class tracks even better?

2333: Bardic Symposium 1: Meet & Greet, Those Darn Words

Topic: Performing Arts and Music: Bardic
Instructor: Pennsic Performing Arts
Mon Aug 7, 3:00 PM A&S 9

The Bardic Symposium is an open gathering for special forums, topics, and discussions for the Bardic Community.

Day 1: Introductions, Meet & Greet: Meet your fellow bards. While many of us already know each other, this is a time to say hello to returning friends and give newcomers a chance to match names to faces. Host: Provost, Master Cerian Cantwr.

Those Darn Words:

Memorization can be one of the more challenging aspects of our art. It is a skill that is very different from both the creation and performance of our works. While some places are accepting of performers holding lyrics, in others it's taboo. How can we make the words stay in our brain? What can we do if they don't? What can we do if Kingdom custom toward non-memorized work is to say, "Harrumph?"

Confirmed Panelists: Mistress Amelie d'Anjou, Lady Dearbhorgaill a Chomhaidh, THL Brendan O Corraidhe, Mistress Fiana of Clare.

2334: Bardic Symposium 2: Round Pegs into Square Holes

Day 2: Fitting Round Pegs into Square Holes: Neither bardic, nor the other performing arts, fit very comfortably into the various Kingdom A&S systems. Are there ways we can help ease this incompatibility? What sorts of improvements might be made to our various sets of criteria? Are there procedural changes that could make things easier? How else might these two disparate things be made to work together better?

Confirmed Panelists: Mistress Halla of Mugmort (bard & Middle Kingdom KMOAS), Duke Frederick of Holland, Master Efenwealt Wystle.

to do when the idea is there, but the word's just don't want to come? Brainstorming? Head-butting standing masonry? Pan galactic gargle blasters? What?

Confirmed Panelists: Duke Frederick of Holland, THL Emer nic Aidan, Master Michael Alewright, Mistress Fianna of Clare.

Topic: Performing Arts and Music: Bardic
Instructor: Pennsic Performing Arts
Thu Aug 10, 3:00 PM A&S 9

The Bardic Symposium is an open gathering for special forums, topics, and discussions for the Bardic Community.

Day 4: *AUGH!* Get Your Chocolate Out of My Peanut Butter: There are lots of different flavors of bardic out there. In general, they're all wonderful and should be able to co-exist peacefully. Sadly, this does not always seem to be the case. There has been friction between those more focused on social bardic or the current Middle Ages and those fonder of the documentable to period or more A&S-centric works. How can we arrange peace talks?

Confirmed Panelists: Mistress Tyzes Sofia (Zsof), Master Efenwealt Wystle.

Topic: Performing Arts and Music: Storytelling
Instructor: Thl Brendan O Corraidhe
Sat Aug 5, 2:00 PM A&S 9
I discuss a simple (if time-intensive) process for taking source material and turning it into a powerful performance, using as case studies two of my pieces.

One, "Gawain and the Green Knight" (which I regularly perform - in full kit - for the Brit Lit classes at the college where I work), was worked up over a period of six months. It's a 30-minute prose rendition of the famous tale of knightly virtues, attempted seduction, and sorcery. I plan to present it (in series) at Enchanted Ground over Middle Weekend. Here's the first part: <https://www.youtube.com/watch?v=7mG4MnMzWtM>

The second, "The Death of The Cid," was cooked up *literally overnight*, but resulted in me being named as Queen's Champion the next weekend. I performed it at Pennsic, where a Crown Prince sought me out afterward to thank me.

2425: Fabliaux or Tavern Tales

Topic: Performing Arts and Music: Storytelling, Culture: European
Instructor: Thl Seathan MacDhabhidh
Fri Aug 4, 12:00 PM A&S 9, Wed Aug 9, 1:00 PM
Bog U
Handout limit: 30.

A discussion of period French and English metrical tales. These tales varied in length taking from five minutes to an hour or more to tell. The content was usually a comic, frankly coarse, and often cynical tale in verse popular in period, especially during the 12th and 13th centuries. The themes often made fun of the clergy and upper classes and were designed to entertain the low-born. Presentation of these tales to common men and women in taverns and public gatherings was probably a means for a common traveling bard to maintain a livelihood, earning a meal and a place to sleep while traveling from village to village. Excerpts and examples will be presented. The content of some of the pieces is sexually suggestive or implies morally corrupt behavior.

You may have noticed that large sundial at Okewood Hall. This is an advertisement to convince people that it is possible to make a dial that can be read as easily as a modern watch. The trick is to include all the astronomical corrections into the design of the dial, so they do not need to be applied after the dial is read. I intend to describe how I built this dial, and how you can do the same for your camp. I want enough people building and maintaining public dials for Pennsic, that they become the normal way for people to tell time.

I will describe how to calculate the time-marks, lay them out on the dial, mark them with nails, set the gnomon to the correct angle, and calibrate the whole

thing once it's hanging on the wall. I will cover construction details and various safety considerations to prevent it from falling and injuring someone.
